

§ 1019.2

English need not notify the Commission prior to export if the product is labeled with the required information in the language of the country to which the product will be sent.

(d) *Exemption for samples.* The exporter of an item that fails to comply with a standard or regulation, but which is intended for use only as a sample and not for resale, need not notify the Commission prior to export, if the item is conspicuously and labeled in English with the statement: "Sample only. Not for resale." (The Commission encourages exporters to provide this label, in addition, in the language of the importing country, but does not require the foreign language labeling.) To qualify as a sample shipment under this exemption, the quantity of goods involved must be consistent with prevalent trade practices with respect to the specific product.

(e) *Exemption for items not in child-resistant packaging.* The exporter of an item which is a "misbranded hazardous substance" within the meaning of section 2(p) of the Federal Hazardous Substances Act (15 U.S.C. 1261(p)) only because it fails to comply with an applicable requirement for child-resistant packaging under the Poison Prevention Packaging Act of 1970 (15 U.S.C. 1471 *et seq.*) need not notify the Commission prior to export.

§ 1019.3 General requirements for notifying the Commission.

Not less than 30 days before exporting any noncomplying goods described in §1019.1(b), the exporter must file a statement with the Consumer Product Safety Commission, as described in §§1019.4 and 1019.5 of this subpart A. The exporter need not notify the Commission about the export of items described in §1019.1 (c), (d), or (e). As described in §1019.5, the exporter may request the Commission to allow the statement to be filed between 10 and 29 days before the intended export, and the request may be granted for good cause.

§ 1019.4 Procedures for notifying the Commission; content of the notification.

(a) *Where notification must be filed.* The notification of intent to export shall be addressed to the Assistant Executive Director for Compliance, Consumer Product Safety Commission, Washington, DC 20207.

(b) *Coverage of notification.* An exporter must file a separate notification for each country to which noncomplying goods are to be exported. Each notification may include a variety of noncomplying goods being shipped to one country. The notification may include goods intended to be shipped to one country in any one year, unless the Assistant Executive Director of Compliance directs otherwise in writing.

(c) *Form of notification.* The notification of intent to export must be in writing and must be entitled: "Notification of Intent to Export Noncomplying Goods to [indicate name of country]." The Commission has no notification forms, but encourages exporters to provide the required information in the order listed in paragraphs (d) and (e) of this section.

(d) *Content of notification; required information.* The notification of intent to export shall contain the information required by this subsection. If the notification covers a variety of noncomplying goods the exporter intends to export to one country, the information required below must be clearly provided for each class of goods, and may include an estimate of the information required in paragraphs (d) (3) and (5) of

The Assistant Executive Director may inform the exporter that the 30-day advance notification period will not begin until the Assistant Executive Director receives all the required information.

(c) *Requests for reduction in 30-day notification requirement.* Any exporter may request an exemption from the requirement of 30-day advance notification of intent to export by filing with the Commission's Assistant Executive Director for Compliance (Washington, DC 20207) a written request that the time be reduced to a time between 10 and 30 days before the intended export.
